

Mortgage and Structured Products Specialist (Posting: MSPS_04262)

Five Bridges Advisors, LLC is an independent analytics and advisory firm headquartered just outside of Washington, D.C. Founded by industry veterans in 2008, our team averages two decades of mortgage market experience covering nearly every discipline from origination, servicing, workouts, loss mitigation, structuring, research, modeling, trading and portfolio and risk management.

We currently serve governments, central banks, law firms, broker/dealers, institutional investors and other market participants by providing independent, expert solutions on a wide range of topics impacting the housing, real estate and residential and commercial mortgage markets.

Join our dedicated, diverse, high-performing workforce and put your unique talents to good use as we work expand and grow in a competitive and exciting industry.

If interested, please submit a cover letter along with current CV to: careers@fivebridgesllc.com

Primary Purpose of the Position

This senior position will be part of our risk advisory and analytics team. This hands-on role will be to lead client engagements or internal efforts within your specialty. Whether residential or commercial, this hands-on role would develop and implement client solutions related to the evaluation of credit, prepayment, and other mortgage market issues. This role will require broad knowledge of the mortgage origination and securitization process and familiarity with the regulatory environment post-Dodd-Frank. Position will lead ad hoc quantitative and qualitative analysis and research, as well as specific client engagements. This position will require ability to generate independent research or articles for client consumption. This position requires an inquisitive mind paired with a trouble-shooters mentality.

Specific Qualification Requirements

For the following individual sectors (or combinations of): Agency RMBS, Non-Agency RMBS, CMBS, CDO, residential whole loans or commercial real estate, the following requirements apply:

- Significant working experience (6-8 years) within the US housing and related markets (securitization, funding, investment analysis)
- Subject matter expertise of origination and servicing markets (including loss mitigation and due diligence) and/or mortgage securitization and capital markets
- Ability to multi-task and work independently in a fast paced environment as well as manage small teams
- Excellent written and communication skills
- Advanced troubleshooting, data mining and/or programming skills
- Advanced experience with MS-Excel and databases (SQL, Access)
- Experience with loan level data, analytical models and reporting and surveillance tools
